

Lake Joseph Centre

Whether you already use our services and programs, whether you come alone or as part of a family or business group, we invite you to share in the Lake Jo experience. Located at the north end of Lake Joseph in the magnificent Muskokas, Lake Jo (as the Centre is known) offers a unique mix of rehabilitation and recreational programs for people who are living with vision loss or other disabilities.

The activities available at Lake Jo are flexible enough to accommodate the different needs and interests of our many guests of all ages. The combination of supportive staff, inclusive activities and barrier-free buildings at Lake Jo makes this facility unique in Canada.
